

PRODUCT NAME: ULTIMATE DESCALER 5L

PRODUCT CODE: DESCALE5L

Manufacturer: FlowChemuk

Country of Origin: United Kingdom

Revitalise your appliances with Ultimate Descaler, the powerful solution crafted to dissolve stubborn limescale, mineral deposits, and rust. Ideal for kettles, coffee makers, shower heads, steam irons, and more, it restores efficiency and helps extend the life of your appliances. This versatile formula not only removes harmful build-up but also leaves a protective layer to prevent future corrosion and deposits. By boosting energy efficiency and maintaining peak performance, Ultimate Descaler ensures your appliances work like new for longer. Simplify your maintenance routine and enjoy cleaner, more efficient appliances with Ultimate Descaler—the ultimate solution for all your descaling needs.

Key Features:

Powerful Descaling Action: Effectively dissolves stubborn limescale, mineral deposits, and rust from a variety of appliances and surfaces.

Versatile Use: Suitable for a wide range of household appliances, including kettles, coffee makers, steam irons, and shower heads.

Prevents Future Build-Up: Leaves a protective layer that helps prevent future limescale and rust formation, extending appliance life.

Boosts Energy Efficiency: Removes build-up that can reduce energy efficiency, helping your appliances perform better and consume less energy.

Easy to Use: Simple dilution and application process, making it quick and easy to maintain your appliances with minimal effort.

Property	Specification
Appearance	Colourless Liquid
Odour	Distinct
PH	<2
Freezing Point	0 °C
Shelf Life	2 Years (unopened)
Storage	Store in a cool, dry place, away from direct sunlight

Instructions for Use:

- Apply directly: Pour the descaler into the appliance's water chamber or reservoir, following the manufacturer's instructions for the correct amount.
- Activate and wait: Turn on the appliance (e.g., kettle, coffee machine) to allow the descaler to work, usually for a few minutes or as specified on the label.
- Rinse thoroughly: After the descaling process, rinse the appliance well with clean water to remove any remaining solution and restore optimal performance.

Health and Safety:

Consult the material safety data sheet for advice on handling and safety procedures.

Storage: Store in an upright position and keep the container secure when transporting.
