

PRODUCT NAME: 99% ISOPROPYL ALCOHOL 5L
PRODUCT CODE: IPA5L
Manufacturer: FlowChemuk
Country of Origin: United Kingdom

Isopropyl Alcohol (IPA), also known as isopropanol, is a versatile and powerful cleaning solution that excels in a variety of environments. This colourless, flammable compound is highly effective at disinfecting and degreasing surfaces, making it ideal for both household and industrial use. With its strong cleaning properties, IPA is perfect for sanitizing electronics, cleaning glass, and removing stubborn dirt and grime. Its quick-drying formula ensures a streak-free finish, while its strong odour leaves your space feeling fresh. Whether for personal or professional use, Isopropyl Alcohol is a must-have for achieving a thorough, hygienic clean.

Key Features:

Effective Disinfection: Isopropyl Alcohol is a highly effective disinfectant, eliminating germs, bacteria, and viruses from surfaces, making it ideal for maintaining a hygienic environment at home or in the workplace.

Fast-Drying and Streak-Free: With its quick-drying formula, IPA leaves surfaces spotless without any residue or streaks, ensuring a clean, professional finish every time.

Multi-Surface Versatility: Perfect for cleaning a wide range of surfaces, including electronics, glass, countertops, and tools.

Powerful Degreasing: IPA's strong degreasing properties easily break down oils, grease, and sticky residues.

Safe and Efficient: While flammable, Isopropyl Alcohol is easy to use with proper precautions, offering a powerful and efficient cleaning solution for all your needs.

Property	Specification
Appearance	Colourless
Odour	Characteristic odour
PH	-
Freezing Point	-
Shelf Life	2 Years (unopened)
Storage	Store in a cool, dry place, away from direct sunlight

Instructions for Use:

- **Stainless Steel & Metals:** Dampen a cloth with alcohol and wipe to remove smudges and grease. Buff for a shine.
- **Hairspray Residue:** Use a cotton pad with alcohol to dissolve buildup.
- **Cloths & Sponges:** Soak to disinfect and remove stains, then let dry.
- **Sinks:** Spray alcohol on stains and grime, then wipe clean.
- **Permanent Marker Stains:** Apply alcohol to a cloth and rub to remove stains.
- **Cars:** Use a cloth with alcohol to clean dashboards, door handles, and remove stains.
- **Walls & Glass:** Spray or wipe with alcohol to remove dust and fingerprints.
- Always test on a small area first to avoid damage.

Health and Safety:

Consult the material safety data sheet for advice on handling and safety procedures.

Hazard statements: H225: Highly flammable liquid and vapour. H319: Causes serious eye irritation. H336: May cause drowsiness or dizziness. Signal words: Danger.
