

**PRODUCT NAME:** RUST REMOVER 5L  
**PRODUCT CODE:** RUST5L  
**Manufacturer:** FlowChemuk  
**Country of Origin:** United Kingdom

Rust Remover is a powerful and advanced solution designed to effortlessly eliminate rust and oxidation from a wide range of metals, including iron, copper, aluminium, and stainless steel. This specialist acidic formulation works quickly to restore surfaces to bare metal without the need for scrubbing or sanding, making it ideal for delicate and intricate parts like carburettors, valves, and heat exchangers. Unlike harsh alternatives, this Rust Remover cleans effectively without damaging, corroding, or darkening metal components, ensuring that your equipment stays in pristine condition. Bring back the shine and functionality of your valuable metal items with ease and precision.

## Key Features:

**Effective Rust Dissolution:** Targets and breaks down rust on a variety of metals, restoring surfaces to their original condition.

**Surface Revitalisation:** Eliminates stubborn rust stains and corrosion, enhancing the appearance of affected items.

**Long-Lasting Protection:** Forms a protective layer to shield surfaces from future rust formation, extending the lifespan of metal items.

**Versatile Application:** Suitable for use on various surfaces, including metal, chrome, tiles, and more, making it ideal for a wide range of rust-prone materials.

**Biodegradable & Safe:** Unlike many competitors, Rust Remover is biodegradable and free of harmful chemicals, making it an eco-friendly choice for rust removal.

Property	Specification
Appearance	Orange Liquid
Odour	Characteristic
PH	-
Freezing Point	0 °C
Shelf Life	2 Years (unopened)
Storage	Store in a cool, dry place, away from direct sunlight

## Instructions for Use:

- **Submerge the Item:** Place the rust-affected item into a bath or container, ensuring it is fully submerged in the Rust Remover solution.
- **Allow Time to Work:** Let the solution sit for a few hours to dissolve the rust. For optimal results, you can leave the item overnight.
- **Scrub and Wipe:** After the recommended time, scrub or wipe the treated area to help remove the dissolved rust.
- **Rinse Thoroughly:** Rinse the item with water to reveal a revitalised, rust-free surface.

## Health and Safety:

**Consult the material safety data sheet for advice on handling and safety procedures.**

**Storage:** Store in an upright position and keep the container secure when transporting.

Keep out of reach of children

Say goodbye to stubborn rust stains and bring metal surfaces back to life with our powerful rust remover, expertly crafted for effortless and highly effective cleaning. Designed to dissolve even the toughest rust, it restores your items to their original shine, leaving surfaces looking as good as new. Whether it's iron, copper, aluminum, or stainless steel, our rust remover works quickly and efficiently, ensuring long-lasting results. Not only does it eliminate rust, but it also provides a protective layer to prevent future corrosion. Ideal for homeowners, DIY enthusiasts, and professionals alike, this solution makes rust removal and surface restoration simpler and more effective than ever before.
