

PRODUCT NAME: ULTRA TFR TRAFFIC FILM REMOVER 5L

PRODUCT CODE: TFR5L

Manufacturer: FlowChemuk

Country of Origin: United Kingdom

Ultra TFR is the ultimate solution for tough cleaning jobs, offering a powerful blend of chemicals that delivers a deep, effective clean across a wide range of surfaces. Whether you're tackling automotive, farming, boating, or industrial cleaning tasks, this concentrated formula is designed for versatility and performance. Ultra TFR works efficiently with both hot and cold water, even in hard water conditions, and can be applied manually or with a power washer for maximum convenience. With an impressive dilution ratio of 200:1, this highly economical formula ensures you get exceptional cleaning power while saving on costs. Perfect for any demanding cleaning task, Ultra TFR is your go-to solution for outstanding results every time.

Key Features:

Powerful Deep Clean: Effectively removes dirt, grime, and grease from a variety of surfaces, ensuring a thorough and long-lasting clean.

Versatile Application: Suitable for use in automotive, farming, boating, industrial cleaning, and more, offering broad functionality for different tasks.

Works in Any Water Temperature: Performs efficiently in both hot and cold water, as well as hard water conditions, making it adaptable to any environment.

Economical Formula: Highly concentrated with a maximum dilution ratio of 200:1, providing exceptional value and cost savings.

Manual or Power Washer Use: Can be applied both manually or with a power washer for flexible and convenient cleaning, saving time and effort.

Property	Specification
Appearance	Orange Liquid
Odour	Cherry Scented
PH	14
Freezing Point	-3 °C
Shelf Life	2 Years (unopened)
Storage	Store in a cool, dry place, away from direct sunlight

Instructions for Use:

- Dilute: Mix Ultra TFR with water at a ratio of 200:1.
- Apply: Spray the solution onto the surface using a lance or sprayer.
- Let it dwell: Allow the product to sit for up to 5 minutes for maximum effectiveness.
- Rinse: Thoroughly rinse the surface with clean water, ideally using a pressure washer.

Health and Safety:

Consult the material safety data sheet for advice on handling and safety procedures.

Storage: Store in an upright position and keep the container secure when transporting.
