Shelf Life	2 Years (unopened)
Storage	Store in a cool, dry place, away from direct sunlight

Instructions for Use:

For Indoor Gardens:

Start applying Power Tomato Feed once the first truss (group of flowers) has set, and continue every 7 days. After the second truss has set, increase feeding to every 3-4 days.

For Outdoor Gardens:

Apply Power Tomato Feed every 10-14 days after the second truss has set.

For Growbags or Ring Culture:

Use a double-strength solution by mixing two parts water with one part feed, and apply every 7 days.

To Maximise Performance:

For indoor or growbag cultivation, feed every 3-4 days for a higher yield. For outdoor plants, feed every 5-7 days.

Tip: 5 Litres of Power Tomato Feed is sufficient for 8-9 plants.

Health and Safety:

Consult the material safety data sheet for advice on handling and safety procedures.

100% Natural

Power Tomato Feed is the ideal solution for those serious about growing healthy, productive tomato plants. Its highly concentrated formula ensures maximum efficiency, delivering the essential nutrients directly to the roots for faster and stronger growth. Whether you're a home gardener looking to elevate your crop or a commercial grower aiming for a top-quality yield, this feed offers the perfect balance of nutrients that tomatoes crave. With easy application and measurable results, it simplifies plant care and helps you achieve the vibrant, flavourful tomatoes you desire. Make your tomato-growing experience a success, from start to finish, with Power Tomato Feed.
