

Product Name: WHITE VINEGAR
Product Code: VINEGAR5L
Manufacturer: FlowChemuk
Country of Origin: United Kingdom

Our Technical Grade White Vinegar is a versatile, high-performance solution designed to meet the rigorous demands of industrial and technical applications. With its high acidity and purity, this vinegar is ideal for manufacturing processes, cleaning tasks, and chemical applications that require a reliable, consistent solution. It can be used effectively for cleaning surfaces, glass, and floors when diluted, while its undiluted form serves as a natural deodorizer and unclogging agent for drains. Unlike traditional cleaners, this white vinegar is non-toxic, biodegradable, and free of harsh chemicals, making it an eco-friendly and safe.

Key Features:

High Purity & Precision: Offers consistent acidity and purity, making it ideal for technical and industrial applications that require precision.

Versatile Uses: Perfect for manufacturing, cleaning surfaces, glass, floors, and even as a natural deodoriser and drain unclogger when used undiluted.

Eco-Friendly: Biodegradable and free from harsh chemicals, making it a safe, environmentally conscious choice for a wide range of applications.

Non-Toxic & Safe: A safer alternative to chemical-based cleaners, suitable for use in homes with children and pets.

Cost-Effective: A budget-friendly solution for both industrial and household tasks, delivering exceptional performance with minimal product usage.

Property	Specification
Appearance	Colourless Liquid
Odour	Strong Vinegar
PH	-
Freezing Point	-
Shelf Life	2 Years (unopened)
Storage	Store in a cool, dry place, away from direct sunlight

Instructions for Use:

- For cleaning surfaces, countertops, and floors, dilute white vinegar with water (approximately 1 part vinegar to 3 parts water).
- Apply the solution directly or use a spray bottle for easy application.
- Use to disinfect, deodorise, and effectively cut through grease and grime on various surfaces.
- For tougher stains or odours, apply undiluted vinegar directly to the affected area and leave it to sit before wiping clean.

Health and Safety:

Consult the material safety data sheet for advice on handling and safety procedures.

UFI - FNRF-EARH-Y403-A9MH

Technical Grade White Vinegar is an indispensable product for those seeking an efficient and eco-friendly solution for a variety of industrial and cleaning tasks. Its high purity and natural acidity make it ideal for handling a wide range of cleaning needs, from removing stubborn stains to tackling mineral deposits. Unlike other harsh chemicals, white vinegar is biodegradable and free from toxic substances, making it a safer choice for both the user and the environment. Its versatility extends beyond just cleaning; it can be used in a variety of technical applications where precision and reliability are key. Whether for industrial use or household tasks, this vinegar offers unmatched value and performance.
